

Ski & Winter Holidays in Austria

Regulations
for winter
2021/22

STAY WELL AND SAFE IN WINTER 2021/22

How to protect yourself while skiing, at your accommodation or a museum: Austria's current COVID-19 rules in a nutshell.

Update: 11/01/2021

RESTAURANTS & CAFES

- Guest registration
- 2-G rule (proof of vaccination/recovery)
- FFP2 masks to be worn when not seated
- Food/Drinks to be consumed when seated only, no bar service
- Curfew at 10 PM

APRÈS-SKI

- Currently not possible

ACCOMMODATION

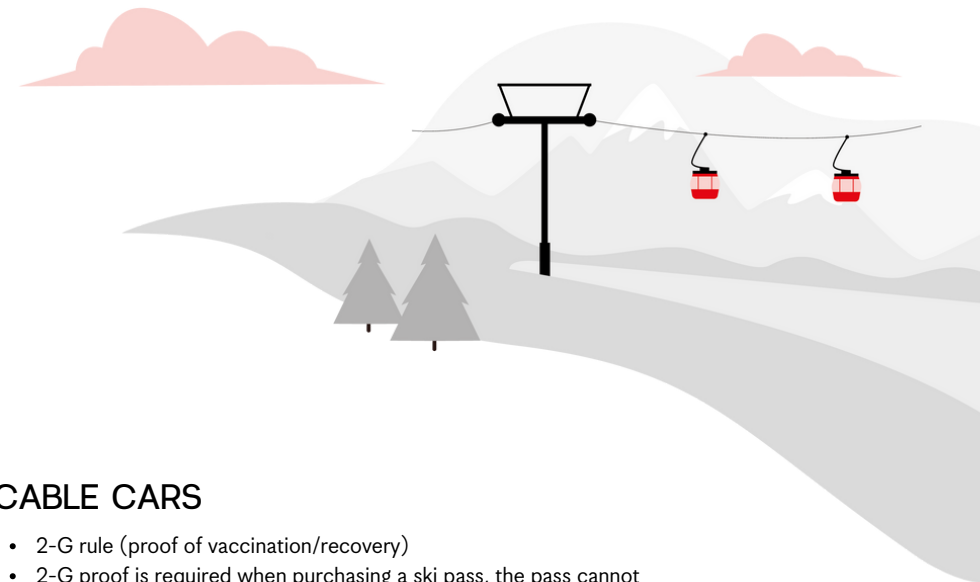

- Guest registration
- 2-G rule (proof of vaccination/recovery)
- FFP2 masks to be worn in all public areas

EXCEPTIONS FOR CHILDREN

Children under the age of 12 do not need proof of test, vaccination or recovery. Teenagers (born after 31st August 2006) who have not been fully vaccinated or do not have proof of past infection can take a series of tests in line with the Holiday Ninja Pass, which is equivalent to 2-G status.

Please note: Vienna has different rules!

More information: www.austria.info/en/service-and-facts/coronavirus-information

CABLE CARS

- 2-G rule (proof of vaccination/recovery)
- 2-G proof is required when purchasing a ski pass, the pass cannot exceed the 2-G validity period
- FFP2 masks to be worn at stations and inside cable cars, as well as outdoors when the 2 m social distance cannot be maintained

ARTS & CULTURE

- Guest registration at events (theatre, concerts, cinema etc.)
- 2-G, 2-G+ or 2-G+ and booster, depending on the number of attendees
- FFP2 masks to be worn in enclosed spaces, including when seated at a concert and outdoors when the 2 m social distance cannot be maintained

PUBLIC TRANSPORT

- FFP2 masks to be worn on buses, trains, underground trains, ski buses etc.
- Also applies to enclosed station areas and outdoors (on the platform) when the 2 m social distance cannot be maintained

HOW AUSTRIA'S 2-G RULE WORKS

Hotels, restaurants, cultural institutions (theatres, cinemas etc.) and leisure facilities currently require 2-G status (proof of vaccination/recovery). Please note:

- COVID tests (PCR or lateral flow tests) are NO LONGER sufficient
- Two-dose vaccinations are valid for 270 days after the second jab, afterwards a booster is required (also valid for 270 days)
- Proof of recovery is valid for 180 days, then a jab is required
